Fifty-Fourth Season New Piasa Chautauqua

The 1939 season at Chautauqua will open Saturday, July 1st, and continue until Monday, September 4th, Labor Day. For over 50 years, Chautauqua has been conducted as a successful Summer Resort. It is ideally located in a beautiful valley on the banks of the mighty Mississippi River, about 35 miles north of St. Louis. Here the river is called Lake Rainey, since the closing of the Alton Dam, and at Chautauqua's beach is a cool, clear Lake, 26 miles long and in some places 5 miles wide. Sail-boating, motor-boating, and all forms of aquatic sports are becoming very popular on the lake.

Daily programs of interest to young and old are arranged to make the summer more enjoyable.

A large open air swimming pool is in operation during the season, filled with clear, sparkling spring water. Two lifeguards are in constant attendance, and the pool in addition to being safe, is supervised for health and sanitation.

Athletic events of every description are arranged for daily entertainment: tennis, volleyball, roque, horseshoe pitching, baseball, swimming, boating, field days for young and old, fishing, and basketball are some of the supervised sports.

At Chautauqua there is an atmosphere of culture and refinement, and many warm friendships are made there. Chautauqua stands essentially for clean living and healthy outdoor sports.

Rock cliffs such as “Lovers’ Leap”, pictured above, face the lake and form an imposing entrance to Chautauqua. Rich in beauty and Indian history makes hiking most interesting over miles of such scenery.

Piasa Spring

Pure, cool, sparkling spring water from nature's greatest gift to Chautauqua makes the spring a favorite meeting place for old and new friends each year.

Regular chemical tests assures the purity of the water throughout the entire year.

Memorial Chapel

This building, erected by the Ladies' Civic Improvement Association and located in one of the most picturesque and beautiful spots in the Chautauqua Valley symbolizes the fundamental precepts on which the resort was founded and is truly a wonderful remembrance of those worthy pioneer "Christians" responsible for its building and desire to offer a place to worship according to the dictates of one's own conscience. A few leisure moments within its walls will insure the peace and quiet necessary to bring the utmost happiness to one's vacation at Chautauqua.

1939

1939

Mr. Frank Woodrow, of Jerseyville, has been appointed as manager in charge of the Administration Office and Program during the 1939 season. He will be available at the Chautauqua office June 15th and all inquiries relative to cottage rentals and program will have his personal attention.

Mr. Woodrow has served Chautauqua on previous years in this capacity and has also compiled considerable historical data covering the early Chautauqua days which is most interesting.

HISTORIC SPRINGS HOTEL

The Ladies' Civic Improvement Association

The L. C. I. A. group with its membership of every lady at Chautauqua and intense interest in the better things the resort offers year after year makes this group most valuable to all residents and visitors.

The management of the historic "Springs Hotel" and sponsorship of weekly receptions and bridge parties at the hotel and the furnishing of capable chaperons for the regular Saturday evening dance for Chautauquans and their friends, offers the assurance each season the best of supervision covering all social activities.

The annual Children's Day with music, parades, eats and toys to delight and entertain the children, is sponsored and conducted by the L. C. I. A. committees and each year becomes more attractive and entertaining.

The advice and counsel of The Ladies Civic Improvement Association is reflected in the numerous changes for the better things at the resort each year, and an up-to-date children's playground with capable attendants in charge is only another particular accomplishment of this wonderful group of women vitally interested in the general welfare and improvement of the resort year after year.

The Men's Club organization has been an active group of men not only during the annual program season, but throughout the entire year. The sponsorship of social activities, athletics of all kinds, and close cooperation with the officers of Chautauqua year after year in regard to observance of the rules and regulations of the resort has made this club one of the better things Chautauqua offers each season.

The latest branch of Men's Club activities was the organizing of the Chautauqua Yacht Club during 1938 and the improvement of the river front and docking facilities offered to visiting boats.

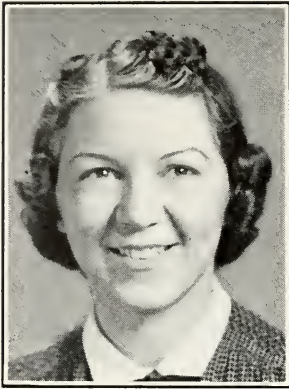

The annual Men's Club dinner meeting during the last week in August each year is looked forward to and the winter meetings with discussions of the past as well as the coming year's work are well attended and much good for Chautauqua is accomplished.

If you are not a member do not hesitate in joining as you will become better acquainted and find your association with this fine group of men most interesting.

Mr. Carrol Peters and his superb dance orchestra of Alton will delight the many visitors to Chautauqua each Saturday evening at the regular weekly dance, under the direction of the L. C. I. A.

Music

Group singing will be one of the new forms of entertainment to be encouraged and given special attention at Chautauqua this season. It is hoped that the three groups as planned will receive the whole-hearted support of all residents and visitors to make this form of entertainment a rousing success.

The Valley Group:

Composed of all cottage residents on Hillside and Springfield avenues.

The Midtown Group:

Composed of all cottage and hotel residents in central Chautauqua, extending from the Auditorium to the main gate entrance.

The Riverside Group:

These singing groups will cooperate with Mrs. Clare Ditto, who will be in charge of all music this season and who will be pleased to give all possible assistance in arranging the choral work.

Mr. Frank Clifford of St. Louis, will direct the Men's Club Chorus at special gatherings and with his excellent voice and experience gives assurance of many happy evenings to Chautauqua visitors this season.

During the month of August special music by the Grace Church Quartette of St. Louis will be heard at the Auditorium in connection with the regular Sunday morning services. The inspiring music of these excellent singers will add greatly to the service and should not be missed.

"Pool 26"

The waters of "Pool 26," the official name of the lake created by waters impounded behind the Mississippi River Dam at Alton, maintain a true stage of 419 feet above sea level according to Col. P. S. Reinecke of the United States Army Engineer District office in St. Louis.

The lake, over 26 miles long, and in some places as much as 5 miles wide, is without current and ideal for sailing, motor boating, canoeing and all kinds of water sports.
